

## **Hot Work Permits**

**Hot work** is a process that can be a source of ignition when flammable material is present or can be a fire hazard regardless of the presence of flammable material in the workplace. Common **hot work** processes are welding, soldering, cutting, brazing and hot roofing/hot mop.

If you are conducting **hot work** aboard MCAS Miramar you will require a permit from the Fire Prevention Office located in building 7208 at the corner of Miramar Way and Gonsalves Ave.

### **Information required for permit:**

Location

Type of work

Name of responsible party

Company name

**Please call (858)864-1963 or 1952 for any questions.**
